LIPS RESEARCH - INDIA

FOR ADVANCED RESEARCH AND HIGHER EDUCATION
EUROPEAN INTERNATIONAL UNIVERSITY – PARIS

25TH FEB 2022

ABOUT LIPS RESEARCH

LIPS was founded by the visionary Mr. S John Rose in 1976 with an aim to become a noticeable player in the field of engineering. We excelled and ruled the Field of Power plants and technology, especially piston engine engineering with a skilled team of 15 members. From there we ventured in the field of heavy-duty engineering such as power plants and technology, design construction, training and overhauling. It brings us immense pleasure to say that our facility trained staffs and our former employees are employed all over the globe in different sectors of science and technology.

In the last few decades, we inducted more than 500000 skilled engineers and young researchers into society. We have also collaborated with many of the world's leading research institutions and contributed 100+ research publications to society.

➔ ABOUT EUROPEAN INTERNATIONAL UNIVERSITY, PARIS

The European International University, EIU- Paris, envisions to become a household name for affordable, yet high quality international tertiary education, worldwide. This is accomplished through our existing and new local partners, who advocate for, and advance our presence in different parts of the world while preserving local contexts, dynamics and learning needs and styles. We also intend to be the world's renowned force behind promoting blockchain technology and its role in the provision of enhanced digital learning experiences for our current and future students.

➔ OUR VISION

To craft an atmosphere in which novel ideas, explorations and innovations that leads to addressing the challenges faced by the world.

To create a knowledge-sharing platform and develop the next generation of leaders. We aim to go beyond academics and provide students with a practical perspective on the world of work.

➔ OUR INDUSTRY TIE-UPS

We have tie-ups with many leading global companies.

- ▶ Edibon International (Spain)
- ▶ Marcraft (Usa)
- ▶ Fluid Tech Solutions (Usa)
- ▶ Aiipltech Pvt. Ltd. (India)
- ▶ Id Systems (France)
- ▶ Advanced Environmental Monitoring (Usa)
- ▶ Adf Mühendislik (Turkey)
- ▶ Cadmarc Software Pvt. Ltd. (India)
- ▶ Exatech
- ▶ Ekhie Digital
- ▶ Aerozjet
- ▶ Kurinji Laboratories
- ▶ Mothers Millets

➔ OUR FACILITY PARTNER

Our state-of-the-art Research Facilities has spun out many innovative projects and technologies.

- ▶ Edibon – Programmable logic controller
- ▶ Sphaera aviation training systems supports lips research facility
- ▶ Id system facility support
- ▶ Edibon Scada units with
- ▶ Instrument landing systems ILS facility for aviation
- ▶ Marcraft facility incorporation with lips research
- ▶ Plchmi – IIOT local remote control and monitoring with HMI

➔ OUR RESEARCH EXPERTS

Executive Board

Dr M SENTHIL KUMAR

Senior Advisor,
LIPS Research Foundation

advisorresearch@lipsresearch.org

Prof: ELANGO VAN RAJAGOPALAN

Senior Advisor – International
Research Education

Bsc. D.M.I.T, M.Tech ex colleague of Dr APJA KALAM
LIPS Research & European International University

➔ ACADEMIC ADVISORY BOARD

- ▶ **Prof. Dr. K. Jayaraman**, Research Professor – TÜBİTAK Research Fellow, Middle East Technical University -Ankara, Turkey.
- ▶ **Prof. Dr. Ugur Guven**, Professor & Advisory Council Member UN CSSTEAP.
- ▶ **Prof. Ramani R**, CEO, Fluid Tech Solutions Inc- USA.
- ▶ **Dr. S. Nadaraja Pillai**, SASTHRA UNIVERSITY- INDIA.

Apart from that we have 100 Plus Approved Research Supervisors who excel at their field of research.

➔ OUR RESEARCH DEGREE PROGRAMME

PROGRAMME	DURATION
MS by research (Technical)	2 years
M. Sc. By Research	2 years
PhD	3 years
Dual Degree by research	4 years
Post-Doctoral Fellowship	2 years

COURSE WORK	20 CREDITS
Research Methodology	4
Main Stream	4
Review Report	12

COURSES (TECHNICAL)
Aerospace Engineering
Aeronautical Engineering
Mechanical Engineering
Electrical Engineering
Renewable Energy Systems
Computer Science Engineering
Civil Engineering
Advance Cyber security
Environmental Engineering
International Management
Business and Corporate Management
Tourism & Hotel Management
Law & Polity
Arts & Languages
COURSES (SCIENCE)
Applied Sciences
Agriculture
Biotechnology
Astro-Physics

➔ OUR APPROVED RESEARCH SUPERVISORS

NAME OF THE SUPERVISOR	TRUST AREA OF RESEARCH
Prof. Dr. K. Jayaraman	Broad Research Area, Major Research Area
Prof. Dr. Ugur GUVEN	Current Designation, Broad Research Area, Major Research Area
Dr. P.Ebby Darney	Electrical and Electronics
Dr. Suresh Kumar Paulian	Avionics MAV
Dr. Paul Russel	Aviation
Dr. JV Muruga Lal Jeyan	Aerospace

Dr. I. Jeena Jacob	Computer Science
Dr. J. Sahaya Ruben	Civil Engineering
Dr. Jeba Sonia J	Artificial Intelligence
Dr. H. Sandeep	Manufacturing
Dr. Dharun V S	Applied Electronics
Dr. Joseph Prabhu	Fluid Structure
Dr. T. Sudarson Rama Perumal	Information and Communication Engineering
Dr. Ganesan H	Mechanical Engineering
Dr. Abhinav Kumar	Mechanical Engineering
Dr. Juhi B. Upadhyay	Physical Chemistry
Dr. Mamataben Soni	Astrophysics
Dr. BhavinKumar	Life Sciences
Dr. Amit Kumar Thakur	Mechanical Engineering
Dr. Kabirdoss Devi	Finance & Accounting
Dr. S. B. M. Priya	Communication System
Prof. Chandrakanth Kesha	Aerospace engineering- Italy
